No. 2016 - 060

May 26, 2016

LIST OF FEES (EFFECTIVE AS OF JUNE 1, 2016)

Please find attached the revised List of Fees for Canadian Derivatives Clearing Corporation (CDCC). The revised fees will become effective on June 1, 2016.

The amendments to the current List of Fees are as follows:

1- Modification of the Liquidity Provider Rebate Program (LPRP) name

In conjunction with the Bourse of Montreal Inc. (the “Bourse”) amendments to their list of fees, CDCC is changing the name of the program from LPRP to Volume Rebate Program.

2- Introduction of a minimum volume threshold

A minimum volume will be required in order to be eligible for reduced fees under the Volume Rebate Program. An aggregate of at least 5,000 contracts must be traded during the calendar month in order to be eligible for reduced fees.

3- Clarification to the process for requesting the consolidation of the fee cap program for equity options and ETF options’ multi-leg strategies

Since May 1, 2016, upon certain qualifying conditions, CDCC bundles multi-leg strategies and cap the fees at 5,000 contracts for both clearing members and clients. The conditions are: 1) at least one leg of the strategy is $\geq 5,000$ contracts; the whole strategy is executed within 15 minutes; 2) the approved participant informs the Bourse of the strategy on which fees should be capped before end of calendar month by sending an email to optionsbundling@m-x.ca. CDCC wishes to precise that the request must contain all information prescribed in this [form](#), whether by directly filling the form or by using any other readable format.
